Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Monday 19 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain over the Hebrides. Drier elsewhere, some brightness in east.

Today:
Dry across the mainland, but generally cloudy, some bright spells, especially in east and becoming warm around Inverness and Nairn. Thicker cloud over the west coast and isles and windier with outbreaks of rain, most persistent over the Hebrides. Maximum temperature 16 deg C (61 deg F).

Tonight:
Dry in east in evening, but rain over northwest becoming heavier and more persistent and spreading east through the night, Moderate or fresh southerly winds turning northwest later in west. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Cloudy, wet start but becoming drier and brighter in the morning, Some sunny spells in the afternoon but rather cold with fresh northwest winds and perhaps a few wintry showers. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
High pressure building from west, bringing mainly dry and settled conditions, with bright or sunny spells, but cool, with perhaps the odd wintry shower in far north.
